

September, 2007

Dear Friends,

Thank you for being part of our parish school family! This past week we celebrated the beginning of the 2007-2008 school year with special liturgies for our high school and junior high students, and for our elementary children, grades one through six.

On September 6, at the children's mass, special guests were in attendance from the classes of 1937 and 1939. These four alumni represented all the students who came through the doors of the newly built St. Peter's Elementary School in 1927! What a wonderful tribute to the history and tradition of St. Peter's. The elementary school building, now eighty years old, has never looked better. I wonder how many boys and girls have walked those halls, and could they ever have imagined the technology of computers and smart boards?

It is only with your generous commitment of time, talent and treasure that it is possible to continue providing Catholic education for so many. Thank you for supporting the **2008-2009 Annual Scholarship Drive**.

Yours in Christ,

Fr. Tony Borgia
Pastor and Superintendent
