The **Regina's Kids** program, funded through the generosity of the Polinski family, was established as a way to perpetuate the selfless acts of service that exemplified Regina Polinski's life. The assets of the fund are held in the Msgr. Edward C. Dunn Foundation for Education.

Regina truly lived a life of service. There was no need too small, no cost too great and no individual left wanting in her care. Regina not only answered any call for help, she would actively seek out individuals and organizations in need of assistance. Christ taught us that there is no greater love than to lay down one's life for a friend and Regina considered everyone her friend. She taught this lesson daily by the example she set with the life that she led.

Regina's Kids was created to help instill that benevolence into the community at large, starting with the students of St. Peter's Parish.

Members of **Regina's Kids** will be encouraged and inspired to take a proactive approach to helping others. They won't wait for someone to ask them for help, the students will watch for opportunities great or small, where they can make a difference in someone's life. A burden or challenge does not have to be large to be recognized and diminished.

A living tribute to her life of service.....
