

SAFETY

- There has been no meeting to date—plan to schedule for late March or mid-April.
- First Aid kits were distributed to every classroom in all school buildings and in the Franciscan Activity Center. Kits are to be used only during yellow or red alerts (lockdown situations) as needed. All kits are labeled with room number and are “sealed.” Jenny Spires will inspect kits periodically to ensure that items have not been removed during non-emergency situations. If any kits are incomplete, she will replace items. Non-emergency medical needs will continue be treated as usual.

Respectfully submitted by *Sarah Bennett*
