

St. Peter's School  
Parishioner Participation Guidelines  
2010-2011

If you are a Catholic and seeking the "active parishioner" tuition rate, please read the following.

Everyone who agrees to the following, makes the commitment to be an active Catholic. That means, as part of a Catholic parish, they receive a discount on tuition in response to their church participation.

One of the reasons that a subsidy from the parish is given to its families is that the schools are a primary mission of the parish. Without this subsidy, the tuition rate would be much higher. Both Sunday giving and the volunteering of time to parish and school events allow our schools to maintain high quality at a lower cost. As an active Catholic with children in the schools, you are recipients of this subsidy. You are also asked to be contributors.

Most importantly, however, is our expectation that those who receive a Catholic rate participate in the faith life of the church. Sunday Mass attendance is central to our faith, so we ask for that commitment for you and your children while you are part of St. Peter's schools.

As an active parishioner, I/we commit to the following:

- a. To be registered at St. Peter's or one of the area Catholic Parishes. *At least one of the parents is Catholic and children are receiving all sacraments.*
- b. To attend Sunday mass weekly.
- c. To give to the Sunday collection. *Sunday envelopes can be mailed to you upon request or direct debit can be arranged by contacting the Parish Center (419-524-2572). Even placing an empty envelope into the collection can indicate good will.*
- d. To participate in the life of the parish. *St. Peter's Parish has many committees, programs, adult services, and activities. Consider being part of these for your own personal growth and spiritual development.*
- e. To volunteer 40 hours per year at parish or school events. *Ideally, ten of these hours would be spent working the summer festival or bingo because these projects provide direct financial assistance to our parish and schools.*
